FACE UPDATE

COOL CHANGE

Skin in winter needs TLC. Update your regimen with these simple swaps.

1. GO EASY WITH ACTIVES

Ceramides protect skin from irritation, leaving hardworking retinol to tackle pigmentation, texture and fine lines.

Elizabeth Arden Retinol Ceramide Capsules, \$79/30 capsules; at myer.com.au

2. TRADE YOUR WASH

Non-stripping and nourishing, this cream cleanser removes debris and boosts H₂O levels.

Peter Thomas Roth Water Drench Cloud Cream Cleanser, \$50; at sephora.com.au

3. MAKE NICE WITH OILS

Dry air can draw oils from the skin, leaving it feeling tight. Replenish moisture with this super blend of botanicals.

Circumference Pure Balancing Botanical Face Oil, approx \$164; at netaporter.com

Low-key luxury

Featuring a lightweight powder to veil imperfections, a pearly liquid highlighter to give skin life (tip: spike your day cream with it) and a tinted balm for a dewy pout, consider Chanel's new Les Beiges collection your off-duty beauty kit.
