abeeeraraoq11 Yesterday was fun ... I had so much fun at fed square ... I curled my hairs previous night and fixed that with fix master @echosline.official hairspray Although i slept with my curls and next day It was still good .. This hair spray hold my hairs perfectly and game still going strong .. My hairs was not stiff at all they are flexible and holding my style... other hair sprays make my hairs glued together to hold the hair style ..even perfect in humidity aswel

Echos premium haircare is made in italy.. Classic and make salon professional haircare accessible and affordable for everyone ..

The size is really big can last very good time and price is very good too as compare to other brands on market ...

Available @iglamour_au Through @datelineimports .. I am in love with this fixmaster 🍷👉 #echosline #echoslinehair #echoslineofficial #iglamour #iglamouraus #datelineimports #haircare #hairs #hairspray #haircareroutine #haircareproducts #curlyhairs #curls #hairgoals #hairsentials #australianblogger #beautyblogger #bblogger #aublogger #bblog #potd #mua #haircareproducts #productoftheday #instabeauty #spon #ad
