Thank you so much @silverbullethair,
@datelineimports and @iglamour_au
for sending me out / gifting me the
Silverbullet Rotating Curling Iron to try
🥰

I've been using my hair straightener to
do my curls for the longest time,
probably since 2014 when my curling
iron broke 😞

I'm so excited to produce curls and
can't wait to share them and my
thoughts with you all! 🥰
