TOOL BAR

"My favourite tool at the moment is the VS Sassoon Curl Secret Optimum, as it allows you to choose from three different curl sizes and which rotation you want the curl to fall - inwards or out," says Michael.

Toni & Guy Bamboo Brush Collection Paddle Brush, \$20, available at Woolworths

VS Sassoon Curl Secret Optimum Hair Curler, \$129, harveynorman.com.au

EXPERT TIP:
"TRY CURLING YOUR HAIR INWARDS, RATHER THAN OUT TO REALLY EMBRACE THIS LOOK, AND USE A PADDLE BRUSH TO SMOOTH HAIR, OR A WIDE-TOOTH COMB FOR A MORE TOUSLED CURL."

"The more flat wave style curl is definitely a big hit - this means hair sits closer to the head/face, more flat than the flicked-out look which can give a 'pageant hair' vibe. The flat wave gives more of a modern ripple wave effect," claims Michael.

Bob tips

"For short hair, like a lob [long bob], you don't have to curl the very back, under-layer of hair, as you will lose length. Curl the top and mid sections, but leave the bottom sections un-curl, so from the front your hair doesn't lift up and look really short. You got a lob cut for a reason!"

BEAUTY EDITOR FAVE

This hair serum is perfect for adding extra shine to my highlighted hair and it's great for eliminating unwanted frizz after I've blow-dried. I've also used it on my daughter to detangle her long locks after a recent dance eisteddfod (after a ton of hairspray!) A great multi-tasker to keep in the vanity.
