All that glitters

It's time to channel your inner disco diva with crazy sparkles, amazing jewels and more bling than Tiffany & Co.!

Bring it with BLING!

LOUIS VUITTON SPRING NUMBER '07

Bright EYES

Sparkles and shimmers spend a lot of time winking their way along Hollywood's red carpets. Try using blinged-out fake lashes for special occasions, light gold, silver and white glitter on the inside corners of your eyes, or add a bright glitter liner over the top of your usual black eyeliner for a subtle take on the celeb trend.

Bejewelled BAND GIRL

We're obsessed with the jewelled headbands celebs are rocking at the moment! You don't have to blow too much money to get the look - just buy sequins, faux jewels and ribbon to make your own!

HOT TIP
Customise a plain glitter polish by applying it over the top of one of your favourite coloured lacquers.
