**JAPANESE**  
**SUPER-BRUSH**

Tress-master Alan White says this brush is like gold in salons. While its channels maximise airflow to blowdry hair in half the time and boar bristles comph up body, the orange pins give major gloss so you can skip the heavy serums. "You used to need three brushes for that. This also holds tension for that expensive salon finish," he says. Goodbye, blowdry RSI!  
**Y5 Park Curl Shine Styler Brush** \$63, \$74 ([www.alanwhite-arthology.com](http://www.alanwhite-arthology.com))

**SNATCHED!**  
**CARBON COMB**

Stylist Brad Ngata says, "I love carbon combs to slick back clean ponytails or tease hair — they never bend!" And because it's metal-free, it's safe for sectioning hair while colouring.  
**Sheer Bullet Carbon Tail Comb**, \$6.95 (1800 251 215)

**SNATCHED!**  
**SOOTHE &**  
**SMOOTH**

This fab handmade, naturally dyed wooden comb treats your scalp and tresses as you glide.  
**Tan's Naturally Dyed Boxwood Comb in Lily of the Valley**, \$12.95 ([www.brightwood.com.au](http://www.brightwood.com.au))

**SNATCHED!**  
**BOTTLE BRUSH**

Bet Anne Hathaway's stylist has one...it's fine and featherweight, so you can stretch, twist and curl short hair, and the stubby bristles work on all hair textures.  
**Brushwork Styler Bottle Brush**, \$5.95 (1800 251 215)

**SNATCHED!**  
**CROC CLIPS**

Chunky, curly, out-of-controlness? You'll never wriggle out of a sectioning clip mid-straightening again! Pros use these extra-grippy clamps.  
**Protech Salon Mega-Grip Crocodile Section Clips**, \$9.95 for pack of 4 ([www.thecorp.com.au](http://www.thecorp.com.au))

**SNATCHED!**  
**CONE ROLLERS**

Conical curlers are great for creating convincing glam. Wrap them one way for killer ringlets; the other for looser, sexier waves.  
**Sproll Heated Rollers**, \$179.95 for pack of 18 ([www.prolheatedrollers.com.au](http://www.prolheatedrollers.com.au))
