*Kate Upton*

**HOT TUBE**

Get gorgeous, glamour-girl waves like Kate by using a ceramic hot-tube brush. Its mix of nylon and boar bristles will gently grip hair and make it easier to style fuller contours.

**OUR PICK:** Brushworx Rio Nylon/Boar Bristle Brush in Jumbo, \$21.95.

*Zendaya*

**THE TEASER**

An afro comb is perfect for detangling a wild curly mane like Zendaya's without causing excessive frizz. Comb knots out from the tips to roots to avoid any nasty breakage.

**OUR PICK:** Salon Smart Afro Comb, \$2.75.

*Suki Waterhouse*

**EASY, BREEZY...**

If you want a super-speedy blow-dry, you need a vent brush. The small gaps allow the heat to reach your locks from all angles for the perfect bouncy blow-out like Suki's.

**OUR PICK:** Lady Jayne Essentials Vent Brush, \$5.79.

*Taylor Swift*

**CONTOUR CREATOR**

Trying to tame a killer fringe like Tay's? Use a small blow-drying brush to assist in shaping your bangs evenly around the face while simultaneously giving the roots volume. This is great for bobs, too.

**OUR PICK:** VS Sassoon Body Wave Contours Small Round Brush, \$24.95.
