## TREND TO TRY: ONE-WAY WAVES

- 1 Apply heat protection spray to prevent thermal damage, then massage a blob of mousse into roots for lift.
- 2 Comb in a deep side part, then blowdry hair, brushing strands upwards and over to one side to create body.
- 3 Once dry, use a large tong to curl hair in 3cm sections, winding hair away from your face.
- 4 Allow to cool, then brush out curls with a paddle brush. Spritz with shimmer spray to boost shine.
- 5 Pull hair across to one side and secure by sliding in bobby pins at the back.
- 6 Mist with a flexible medium-hold hairspray to keep your style in place all night.
