TREND TO TRY: THE SLICK PONY

- 1 Spritz hair with a detangling mist to protect, then comb in a side part. Blowdry and straighten for a sleek foundation.
- 2 Divide hair into two large sections - front and back - parting horizontally from ear to ear. Brush the lower section of hair into a tight low ponytail.
- 3 Tease the underside of the top section to add volume, then tightly brush back into your ponytail for a bigger style, and secure.
- 4 Warm up a fingertip of pomade, then smooth backwards from your part to add gloss. Mist all over with hairspray.
- 5 Finish off with a shine spray for a sleek, wet-look effect. Pair with a sultry, rouge lip for a red-carpet feel.
