Felicity's SMOOTH BLOW-DRY

Hairstylist Alex Polillo breathes new life into Felicity Jones's signature look with a varied collection of stylers.

SLEEK

Create a diagonal part on one side and comb a palmful of styling gel through damp strands; let it set. To finish, gently blow-dry the hair on a low heat setting.

Silver Bullet Satin Hairdryer in Aqua, \$89.95; 1800 251 215.

VOLUMINOUS

Height at the crown is important, says Polillo, who mists volumising spray over the area for lift. After blow-drying, set hair in rollers for body and curves.

KMS Add Volume Root And Body Lift, \$31.95; 1800 506 060.

PUSHED BACK

Blow-dry hair straight. Place a dollop of styling cream in palms, and run hands through hair, pushing it back and off the forehead to create a "languid feel." Set with hairspray.

Aveda Control Force Firm Hold Hairspray, \$44.95; 1800 706 377.

HIS GO-TO PRODUCT

"You can use it on wet or dry hair as a volumiser, a setting spray or as it's intended—a beach spray."
