COLOUR & TOOLS

Straighten, curl, dry and colour your way to styling success

80 BEST NEWCOMER

Ghd Platinum Styler, \$315; ghdhair.com

"It's the best new styling tool on the market," says Brennan. "Even a novice user can create an array of different looks."

79 CURLING TOOL

BaByliss PRO Curling Iron, \$64.95; 1800 126 806

"Easy to use and a great, lightweight iron," says Brennan. "It comes in different sizes and always creates the best results."

81 AT-HOME COLOUR

L'Oréal Paris Casting Crème Gloss, \$16.45; 1300 659 359

The ammonia-free, non-permanent hair gloss delivers an intense colour that lasts for up to 28 washes. Post-use, "the hair still maintains its shine," says Nader.

82 STRAIGHTENING IRON

Cloud Nine The Original Iron, \$315; cloudninehair.com

Earning the approval of both Edwards, and Nader, who calls it "a superior iron worth every cent", this straightener comes with ceramic plates that will keep your strands in top shape, and a one-touch temperature control for ease of use.

InStyle HALL OF FAME

83 BRUSH

Tangle Teezer Compact Styler, \$34.95; tangle-teezer.com.au

Designed to be used on both wet and dry hair for easy detangling, "this clever brush is ideal for sensitive strands and scalps," says Taylor.

84 BLOW DRYER

Parlux 385 Power Light Ceramic & Ionic Hair Dryer, from \$239.95; 1800 251 215

Featuring four temperature controls, this winner is "light, powerful, and makes blow-drying a breeze," says D'Onofrio.

CULT BEAUTY

THE HAIRDRYER

Are you trying to replicate a professional blow-dry? Just like any hairstylist, you need the tools of the trade, and this Best Beauty Buys winner is one of them.

The innovation lies in the K-Lamination motor, which utilises a huge 2150 watts of controlled power, and still reduces energy consumption to maintain Parlux's commitment to a sustainable environment. It's this lightweight motor that contributes to the sleek Italian-made design—it weighs in at less than 500g—which makes styling a breeze. It also features a combined ionic and ceramic system, which allows heat to radiate directly inside the hair to protect against damage to the cuticle, and features four adjustable temperature settings, two different speeds and an instant cold-shot button. Available in 10 colours, from bold bright hues to sleek metallic shades.
