

keracolorhair 🌀 BLUE 🌀 STEEL ⚙️

@stasiartisty created this stunning look after pre-lightening and cooling down the warmth using Keracolor Color + Clenditioner Silver Blue for FIVE minutes. • Did you know Color + can be used as a temporary color, a toner, or so much more? Come by the Keracolor booth (4581) at Premiere Orlando if you're interested in seeing live demos!

stasiartisty I ❤️ KERACOLOR 🙌
