kykhair When choosing your bridal hairstyle go with something that will make you feel amazing ... even if it means hair down or half up. Don't do what you think everyone wants you to have. But if feeling your best means having a princess Updo then that's fine too... but just remember that you will always look back at the photos and you want it to be timeless 😊
Hair by @kykhair

Styled using @silverbullethair Supernova Touch screen titanium 230 curled away from the face on both side and brushed out. Sprayed using @batisteau Hold Me Hairspray to finish off. Hair Piece @raffaeleciucabridal
