3

clean sweep
Make-up brushes can harbour dirt and bacteria. Be sure to wash them fortnightly with a specific cleanser, such as **BeautyPRO Professional Make-Up Brush Cleaner, \$12.95**, to keep your complexion clean and healthy.

4

5

lash curler

BEST FOR:

Creating a wide-eyed effect and a natural-looking curve.

TIP: To avoid breakages, always curl your lashes before applying mascara, rather than afterwards.

TRY: Manicare Eyelash Curler (1), \$17.55.

tweezers

BEST FOR:

At-home brow maintenance and false lash application.

TIP: Look for an angled tip; this is easier to maneuver and more accurate than those with a sharp point.

TRY: Priceline Beauty Essentials Tweezers (2), \$5.69.

eyeshadow brush

BEST FOR:

Coating your eyelids in loose or pressed powder eyeshadows.

TIP: Prevent "panda" eyes by gently pressing the brush onto your lid, rather than using sweeping motions.

TRY: Ecotools Bamboo Eye Shadow Brush (3), \$6.95.

powder brush

BEST FOR:

Dusting on loose or pressed powder to help set your foundation.

TIP: After dipping your brush in the product, tap away excess powder, before swirling over your skin.

TRY: Elite Large Professional Make-Up Brush (4), \$15.95.

foundation brush

BEST FOR:

Creating an even and flawless canvas.

TIP: For professional results, start at the centre of your face and blend outwards towards your jaw to prevent unwanted lines.

TRY: Australis Foundation Brush (5), \$12.95.

brow brush

BEST FOR:

Sweeping your arches into place with one side, or fixing clumpy mascara with the other.

TIP: For a fuller flutter, comb your lashes after each coat of mascara.
TRY: Priceline Beauty Essentials Brow Brush (6), \$5.69.
