Easy styling tricks for the hottest curls of the season!

HOW TO GET THAT SHAGGY EFFECT

Hot rollers are perfect for shorter styles. Toey says For natural-looking locks like Carey Mulligan's. wrap small sections of hair around rollers, secure with a pin and leave to cool After taking them out tousle with your fingers. For more volume. 'simply use rollers on the centre part he says.

oft, glamorous curls like Blake Lively's are easy to achieve when you know how. Hairstylist Joey Scandizzo shares his expert tips...

PLAY IT SAFE

Always use a heat protection spray to prevent damage. Joey suggests one with a light-medium hold to help define the curls.

EASY DOES IT

A conical tong is the easiest, most versatile tool to create curls. The wider the barrel, the bigger and looser the curl,' he says.

MOUSSE IS A MUST

If your hair is thick, go for a large-barrelled tong. A smaller barrel will get a tighter curl on finer hair. Joey's tip for a longerlasting curl is to always use a mousse before you start tonging.

KEEP IT NATURAL

Combing or brushing curls afterwards gives a more natural look. Joey advises using a widetoothed comb or bristle brush for a soft, brushed-out effect.

Fix the curls with hairspray. If they start dropping out, Joey says: 'Turn your head upsidedown and spray the roots with hairspray to add volume."

STEP 1 Lightly brush hair to remove tangles. With a fine-tooth comb, divide hair into four or more sections, depending on thickness.

STEP 2 Take 3cm sections and wrap around a small-barrel curling tong, starting at the end of the hair. Hold 15 to 30 seconds and remove.

STEP 3 Finish curling, leaving tongs in longer for a tighter curl. Finish by loosening curls with fingers and spritz with hairspray.
