- 1 On dry, prepped hair, blast the lengths with a sea salt texture spray (a) to give it grip.
- 2 Create a side part at the front, then pull hair into a low ponytail at the nape of the neck and hold in place with an elastic (b). Gently pull hair up and out of the pony to create some volume through the back of the head.
- 3 Take the length of the pony and tuck it under to create a chignon bun, using pins (c) to secure. To finish, apply a strong hold hairspray (d) to ensure the style stays put.
