Turnbull's ageless
appearance.

After the series premiere aired last week, *Bachelor In Paradise* viewers were left shocked with the number of cast members who looked like they'd dabbled in one too many Botox injections. Viewers took to social media to express their surprise, with one asking: 'Has everyone had Botox?' Here are the top offenders...

BOTOX IN PARADISE?

KEIRA
Confessing she 'maybe had too much lip filler before the show', some viewers noted that Keira Maguire was 'unable to move her face'.

LAURINA
Appearing unable to raise her eyebrows in various takes on the show, Laurina Fleur showed signs she had dabbled in anti-ageing injections.

NINA
Ex-stripper Nina Rolleston admits to fake boobs, but her wrinkle-free visage got all the attention last week!

LISA
Dumped by Blake Garvey on the second season of *The Bachelor*, Lisa Hyde seems to have left her heartbreak and frown lines behind!

ROSEANNE'S FASHION THROWBACK

Talk about thrifty! Roseanne Barr proved she's the queen of vintage by repping the revival of her '90s sitcom in the most fashionable way.

The 65-year-old made an appearance at the Burbank, LA premiere alongside co-star John Goodman, wearing a fan-made skirt that was a replica of the patchwork throw that rested on the back of the Conner family sofa.

She also wore a scarf version of the same pattern during her appearance on *Jimmy Kimmel Live!*

The throw rug on the back of the Conner's sofa inspired a fan to make Roseanne a matching skirt and scarf for the show's revival.
