Bow DOWN

Get all tied
up in this
A-list look

The best trends always boomerang back round – but to be honest, even we didn't see hair bows coming! Not just limited to preppy schoolgirls, rock a bow in a sleek low bun to complement pretty make-up, or try an adorned headband to keep annoying hair off your face. They're cool in every form, so even if you wanna go OTT like Ari, we support you.

Rose Gold Metal Ponytail Bow \$9.99
