## PIGMENTATION TREATMENT

Pigmentation is largely caused by sun exposure, so winter is an excellent time to get it under control. A serum is good for all-over radiance, while a targeted treatment helps to zero in on dark spots.

## HAIR STRAIGHTENERS

What did we do before hair straighteners? Now that so many high-tech ones are available, our hair is healthier for it. Look out for ceramic plates, heat protection properties and those infused with minerals.
