PAMPER YOUR FEET

Summer equals cracked feet. Soothe your soles with three simple steps

GET RID OF THE ROUGH STUFF

Soak feet for five minutes and eliminate calluses with **Tweezerman Pedro Callus Stone (1)**, \$44.95. Remove dead skin and calluses with the rough side and exfoliate and massage feet with the soft side.

LOCK IN MOISTURE

Slather feet with rich foot cream overnight and wear socks to retain hydration. Try **Eulactol Heel Balm Gold (2)**, \$19.95, packed with super-moisturising ingredients for soft, supple heels. If feet are very dry and cracked, apply a small amount on trouble spots in the mornings and let dry.

WATCH WHAT YOU WEAR

Hard-soled sandals and skyscraper heels are callus culprits. Opt for spongy thongs, and try slipping a soft velvet padded inner sole into your stilettos. Try new **Hollywood Feet Ultra Comfort Velvet Foot Cushion (3)**, \$9.95. The lightly scented lavender keeps your tootsies soft and smelling fresh.

TREND ALERT

Electric Blues

Open eyes with a light wash of **BYS Shimmer Powder Cube** in Sky Blue (1), \$4.95. Apply **Bloom Shadow Liner** in Electric Blue (2), \$25, close to the lash line and wing-out at outer corners. **Smashbox Jet Set Waterproof Eye Liner** in Teal (3), \$32.95, suits all eye colours.
